CLASS Observation Feedback

READY
REGION
Southwest

Date: _____

Hi _____ ,

Thank you for having me in the _____ Room today. Your CLASS observation is required for all participating sites in VQB5 (Virginia Quality Birth-5). We appreciate you for letting us observe your interactions with the children. You and your director/site admin can expect to receive a CLASS feedback form with examples of what was observed, scores, and resources within 2 weeks from today. Your observer should immediately talk to you to set up a time to talk about your strengths and areas of growths; your feedback form will tell you the range (low, mid, or high) for your scores, and your director will be able to access your overall site scores in LINKB5.

Here's just a little bit of feedback just for you!

Area of Strength:

Area of Growth:

Thank you so much for all you do to support Virginia's littlest learners to get ready for school and beyond!
