2024

Rural Summit

October 24

The Annual Rural Summit provides professional development, policy insights, best practices, and networking opportunities for leaders and practitioners. Every year the event is headlined by a nationally known keynote speaker and includes 20-30 educational workshops.

The 2024 Rural Summit features Virginia Secretary of Education, Aimee Guidera, and will explore how educational opportunity creates economic opportunity for children, families, businesses, and the community.

Follow us on social media (@EOnonprofit) and scan the QR code for updates and to purchase tickets when they are available!
